GPA: 4.0

CLINICAL EXPERIENCE (2021-2024)

Diagnostic: Performed 50+ comprehensive new patient exams and developed detailed treatment plans.

Operative Dentistry: Completed 90+ restorations, including multi-surface restorations, composite core build-ups, and anterior composite bonding. Used materials such as composites, amalgam, RMGI, and Cavit. On track to complete 100 restorations by May 2025.

Fixed Prosthodontics: Completed 17 crown placements and 4 implant-supported crown restorations, utilizing materials such as Zirconia, PFM, Gold, and E-Max. Expected to complete 25 crowns by graduation.

Removable Prosthodontics: Completed 8+ denture cases and 1 implant-supported removable partial denture (RPD) case.

Oral Surgery: Performed 150+ extractions and 1 alveoloplasty procedure.

Endodontics: Proficient in anterior and premolar non-surgical root canal therapy, as well as anterior and posterior therapeutic pulpotomies.

Periodontics: Performed 10+ comprehensive periodontal exams and experienced in scaling and root planing, as well as placement of Oraqix.

Digital Dentistry: Trained in Prime Scan and CEREC technology for digital dentures, final impressions for crown and bridge work, and digital wax-ups for anterior prosthodontic cases.
